Table protection

By using table protection, your table linen will look much better on your table and it will feel more comfortable to your guests. Besides this, it protects the table, the tableware and the table linen and, needless to say, protection lengthens the lifespan of your interior. We have the ideal table protection in a soft pvc/foam, that also prevents your table linen from sliding.

Our table protection comes in 20 meter rolls in widths of 85, 110, 135, 170 and 220 cm. It is an odorless product and had a fire-retardant finish. It holds its shape up to 80°C and it can be machine-washed up to 60°C.

Width	Package
170 cm	20 meter roll

The minimal ordering quantity for this product is 1 roll.
