Special products in our proven collection

Good duvets and pillows are essential when making up your rooms. In our collection, you will find everything to stock your linen room. These articles are suitable for industrial laundry and tested for intensive use. Handy, time-saving and of the same high quality as the linen in our rental collection.

A woman with curly brown hair tied back, wearing a white duvet that she is holding up in front of her. The duvet is large and voluminous, with a visible tag on the left side. The background is a plain, light-colored wall.

Duvets

Good duvets are indispensable for your guests' sleeping comfort. Blycolin offers a wide range of duvets with excellent properties, suitable for intensive use. Our duvets are washable, which is important for hygiene, health, durability and sustainability.

In our collection, we have five different duvets. We purchase these from a vendor that is specialized in the production of duvets. With guaranteed quality, your guests will sleep comfortably!

Microfiber

The microfiber duvet with a filling weight of 350 gr/m² is guaranteed to provide optimal comfort. The combination of the Microfiber tick and the Hollowsoft filling makes this a supple, soft and comfortable duvet. The duvet is anti-allergenic, washable up to 40° Celsius and can even be tumble-dried up to 40° Celsius. In short: a duvet with an excellent price/quality ratio.

Cotton is a valuable resource. That is why we keep looking for ways to reuse materials. In this unique recycling process, strong machines unravel old jeans into small blue cotton fibers. An experienced Spanish family company then weaves the fibers into yarn. These spools are the basis for new bed linen. A completely circular process with which we save thousands of liters of water, power and resources.
