Size	Price/piece
30/60/20	€ 14.00
60/90/20	€ 17.00

Cotton is a valuable resource. That is why we are continuously searching for ways to recycle materials. In this unique recycling process, old jeans are frayed into small blue cotton fibers by powerful machines. An experienced Spanish family company then spins the fibers into yarn. These spools are the basis for new bedwear. A completely circular process with which we save thousands of liters of water, energy and resources.
